The report of the Committee on Educational work was adopted, as follows:

We your Committee recommend the consideration of the following items:

1. That the pastors and churches of Ohio aid the management of Ashland University, to secure 100 students for the next school year.

2. That each congregation be urged to contribute five dollars or more to meet current expenses for the coming year.

3. That the proposition of Brother Keim be heard by the Conference.

J. A. MILLER,
M. S. WHITE,
G. W. RENCH. } Committee.

Moved and carried, That it is the sentiment of this Conference that we are in hearty sympathy with the plan presented by Brother Keim for the support of the Theological Department of Ashland University.

Pledges were then circulated and 33 received, amounting to \$165.

Report of Committee on General Church Work, as adopted by the Conference:

We your Committee on General Church Work beg leave to make the following report:

We recommend that the Home Mission Work be revived. That the various congregations be urged and requested to contribute funds for the employment of a suitable Evangelist as the Home Mission Board may direct. From the experience of the past we know that a good work may be accomplished. We can refer you to North Georgetown, Troy and other points where growing, prosperous churches now exist, created by the Home Mission. Because we have accomplished something on this line is no reason why we should relax our diligence or abandon the work. But only be an incentive to greater activity and thus carry out the injunction, Go ye into all the world. In as much as the rising generation is the future hope of the church, and as our young people are organizing societies to engage in Christian church work, we your Committee would suggest that this Conference recognize their work and give it the necessary encouragement for co-operation in General church work.

In as much as the success of our cause depends largely on a well trained and consecrated ministry and our church is very deficient and the many calls made for laborers can not be supplied, we recommend that our State Conference give their expression of sympathy and encouragement to our Theological training-school of Ashland University, instituted by our General Conference.

In as much as the Sunday-school is an auxiliary and part of our church work, we should encourage it in every way we can. We your Committee would recommend that we encourage and support our own Sunday-school literature, so nobly conducted by our worthy Editor.

A brother from Dayton, Ohio, sends an appeal to this Conference for unjust treatment received at the hands of brother Samuel Keihl of the same church. We herewith present his letter which explains itself. We your Committee would advise this Conference to refer him to the Board of Appeals for adjustment. (Referred to Board of Appeals by vote of Conference.)

In as much as the question of ascertaining the qualification of applicants for the ministry, has been discussed at several of our State Conferences, we would recommend the appointment of a Committee to formulate some plan by which this can be done.

We would also recommend this Conference to issue credentials to any minister who may come to this Conference recommended by their church.

WM. KEIFER, Chairman.
JOSIAH KEIM, Secretary.
D. L. LONG. } Committee.

In compliance with a recommendation made in the report of the Committee on General Church Work, Revs. A. D. Gnagey, J. A. Miller, and J. M. Tombaugh were appointed a Committee to formulate a plan for ascertaining the qualification of applicants for the ministry.

Moved and ordered, That the Chair procure credentials for the ministers present, who can give satisfactory recommendations from their congregations.

Moved and ordered, That the Chair appoint a treasurer for the Conference. Brother S. M. White was appointed. Query box.

Adjournment.

Fourth Session—Thursday Afternoon.

Conference was called to order at 1:30 P. M. Devotional services were conducted by Rev. S. B. Grisso.

The following reports of Committees were submitted and adopted:

ON WOMANS' WORK.

We your Committee on Woman's Work beg leave to make the following report:—The progress of the S. S. of Christian Endeavor has been succeeding grandly under the new constitution. Sister Grossnickle has been very successful in her work of organizing new societies and also encouraging other societies to join in adopting the National Constitution. We hope we may continue the work, and enlist all the ministers in our cause and that the societies will all unite under the National Constitution.

The National Conference has asked us to support the Theological chair. In this we have promised to do all we can, but we need the united efforts of the entire church. Our fund for that special work is nearly exhausted, and we hope by the time of our next remittance, we will be able to do a greater work for the Master's cause. We are pleased with the suggestion of Sister Beachley, of Myersdale, in the work of making different articles to be sold at our General Conference, for the benefit of the Theological Chair, and we hope we may have a hearty response from all.

SARAH KEIM,
KITTIE HUFFMAN,
CLARA NIEBEL. } Committee.
